

Choice Coin v2 Proposal Policy
July 2022

- I. Choice Coin v2 allows anyone to make proposals for improvements to Choice Coin.
- II. Proposals are screened to prevent any illegal, obscene, or indecent material or proposals.
- III. Anyone wishing to make a proposal must provide a service fee for the developers and a minimum amount of rewards to distribute to voters.
- IV. There is no guarantee that the result of any vote will be binding on any party.
- V. All proposals are made at the proposer's own risk.
- VI. All rewards provided will be distributed to voters on the proposal.
- VII. Generally, the proposer should be able and willing to implement any change for which they propose be made.
- VIII. Choice Coin assumes no liability for any loss resulting from use of the platform.
- IX. Fortior Blockchain assumes no liability for any loss resulting from use of the platform.
- X. All service fees are non-refundable but refunds may be awarded at the core development team's discretion.
- XI. One quarter of all service fees will be burned.
- XII. Half of all service fees will be used for rewards.
- XIII. One quarter of all service fees will go to the developers.
- XIV. Users use and vote on the platform at their own risk.
- XV. Proposals must use clear language and full sentences for the issue and options.
- XVI. All votes will be opened on Monday.
- XVII. All votes will be closed on Wednesday.
- XVIII. All votes and rewards will be returned by Friday.
